CHESTER STANLEY IS CANDIDATE FOR SUPERVISOR

Chester E. Stanley, candidate for Supervisor has since the 1940 Campaign made a further survey of the needs of our District. Mr. Stanley will devote his full time to the office of Supervisor without any outside interest in any other business.

Mr. Stanley will be available every day of the week with specified hours at a given place in each town where the people in each community will be able to sit down with him and discuss their problems.

In the last campaign Mr. Stanley lost by the close margin of 208 votes, which was the closest race for the office of Supervisor in District I for many years.

Mr. Stanley has always maintained a very clean record. Since the outbreak of the war he has cooperated with the war effort by devoting his full time in a Supervisory capacity with the United Engineering Co.

His many friends and supporters were more than pleased to hear of his candidacy and are again lending their full support. He was very pleased to find so many new supporters since the last election.

BIG BUILDING PROJECT TO START APRIL 1

HAYWARD — The largest private home building project in America is scheduled to start April 1 near San Lorenzo when a \$7,000,000 development gets under way. The Hayward Journal reported in its last issue, in the following words:

A new community for Alameda county.

A model community, every home a post-war model, with broad streets, spacious parks, a center of community buildings.

A community of 6,000 people, developing almost overnight from the open fields in the vicinity of San Lorenzo, two miles west of Hayward. That is the picture painted today by David D. Bohannon, San Mateo realtor, as he announces completion of plans for the largest private home building project ever contemplated in America, a \$7,000,000 undertaking in the construction of from 1,300 to 1,500 homes.

"The entire nation will watch this project", Bohannon declared. "It is the demonstration of post-war capability of the private building industry. It presents the challenge as to whether government subsidies are necessary for the mass production of high quality homes. Its success will influence postwar building throughout the nation."

To Sell Under \$6,000

Bohannon emphasized the statement that while homes will be reserved for war workers occupancy, the development is not the customary war housing project. Every modern design in building and equipment will be incorporated in structures which will be fully detached. All homes will be of six rooms, with three bedrooms, will have tile baths, built in kitchen features, fireplaces, and are expected to sell at something under \$6,000.

Twenty acres will be set aside for a community and business district. The builders will erect a community center, complete with auditorium, meeting rooms for Boy Scouts, Girl Scouts and civic organizations, with full kitchen facilities. This will be the builder's gift to the people of the subdivision.

In addition areas will be allocated for schools, churches, playgrounds, and parks to assure adequate cultural and recreational facilities. The business district will provide a modern shopping center of retail stores.

300 Acre Tract

The new community will be situated on a 300-acre tract along Hesperian Boulevard in the vicinity of Grant Avenue, known as the old Smith property. Construction will start about April 1, and the entire project is scheduled for completion prior to Christmas.

Building material is already en route to the site and within a few days construction will start on offices, and the yard in which lumber will be pre-cut. Bohannon declared that due to relaxation of restrictions, the highest quality materials are available, fully assured by the War Production Board and other government agencies.

The project will be known as the San Lorenzo Subdivision. It will be owned by Greenwood Corporation, 1182 Market, San Francisco. Bohannon and Chamberlain, general contractors of 859 San Mateo Drive, San Mateo, will be in charge of the entire construction job, including streets and buildings.

Bohannon said nation-wide attention was focussed on the project when he appeared on Sunday March 5, on a postwar housing forum conducted in Chicago. He and Henry Kaiser upheld the premise that private building is best suited for accomplishment of these objectives.

MAN'S BODY IS FOUND FLOATING IN NEARBY POOL

Deputy-Coroner T. B. Murphy of Niles was instructed by county authorities to forward the drowned man's body to the Oakland morgue on Tuesday, where the sheriff's office is following clues in an effort to identify the body.

An autopsy report Tuesday added to the mystery veiling the death of an unidentified man whose body was found floating in a pool near a gravel plant at the foot of I Street late Monday.

The autopsy, performed Monday night by Dr. E. M. Grimmer, showed that the man died of strangulation before his body entered the water.

Investigators said that a noose had been fashioned about the man's neck with a necktie and strips of canvas. The body was clothed in a dark-colored suit of inexpensive material whose pockets yielded only an empty wallet, a "dollar watch", a comb and a pair of tortoise-rimmed glasses.

The manner in which the noose was made indicated that the body might have been suspended from a tree, according to Deputy Coroner Thomas Berge.

The man was between 40 and 50 years old, partially bald, and was about 5 ft. 8 in. tall. He weighed about 160 pounds.

Sheriff's deputies said they are attempting to establish his identity through fingerprints. They said the body had been in the water only a few days.

The body was discovered by Lois L. Gray, 24, of Sunnyvale, and James C. Kirkham, 28, of 6528 East Fourteenth Street, Oakland, as they hiked near the pool. It was taken to the Berge Mortuary in Niles.

EASTER SEAL SALE NOW UNDER WAY

A seasonal appeal that finds a ready response from the public is the annual sale of Easter Seals, conducted by the Handicapped and Crippled Children's Guild. The 1944 campaign opens this week, March 21, with the mailing of letters containing seals to thousands of persons throughout the county. Mrs. Charles Nagell of Oakland, is chairman of the sale. Mrs. Gerald Whitaker, president of the Guild said the annual sale is the only solicitation of funds made during the year by the organization. Recipients of the colorful little stickers are requested to buy them at the rate of a penny apiece. However, there is no limit to the amount anyone may wish to contribute toward the Guild's work.

"Easter seals provide a medium through which everyone can make a nominal contribution to help support the laudable work of the Handicapped and Crippled Children's Guild," Mrs. Whitaker said. "The funds thus raised make it possible to help many physically handicapped boys and girls."

EXPLOSION KILLS FATHER OF MRS. FLORENCE HALE

The Niles community was saddened last Saturday to learn that John R. Loubeck, 75, operating engineer in Albany, father of Mrs. Florence Hale of Niles, prominent in local Congregational Church work, had been killed by an ammonia blast the night before.

He was working in the Western Regional Research Laboratories when a refrigeration plant cylinder exploded, spraying him with ammonia. He succumbed to ammonia burns and the fumes he inhaled and was dead on arrival at the Albany Hospital.

The explosion occurred at 9:30 p. m. in the refrigeration compression plant while Loubeck was on his routine rounds.

A guard at the plant first noticed ammonia fumes and Phillip Blake, superintendent at the laboratories, was notified. Before Blake arrived, another guard found Loubeck and, protected with a gas mask, removed him to a hallway.

The inhalator from the Albany Fire Department was rushed to the plant, but efforts to revive Loubeck were futile.

Loubeck, who lived at 1515 Henry Street, Berkeley, is survived by his widow, Elizabeth; a daughter, Mrs. Florence Hale of Niles and a son, John Loubeck of Alameda.

He had been a laboratory employee since last August. He was a chief engineer for the Diamond Steamship Lines prior to the war and was on the engineering staff of the California School for the Blind.

THE SCORE

January—War Chest
February—Fourth War Loan
March—Income tax AND Red Cross.

The Red Cross drive should have been waged in April after the public had recovered from their income tax payments. Many persons who in March had to scrape bottom and even borrow to meet their income tax payments, scarcely had a \$V left for the Red Cross, whereas next month they'd gladly give ten or twenty dollars to this great humanitarian cause.

Julia tells
How to make good
things with cereals

I LOOKED into my pantry the other day, and noticed the imposing array of packaged cereals which filled a whole shelf. It reminded me that there's an amazing number of good things to be made with cereals. Of course they're part of the normal breakfast—but how long has it been since you've made, for instance:

HONEY BRAN MUFFINS
2 cups enriched flour 1 egg
1/2 cup strained
3 tps. baking powder 1/2 cup strained
3/4 tsp. salt 1/4 cup milk
2 cups bran 1/4 cup milk
3/4 cup finely chopped 1 tps. melted
walnut meats shortening

Sift and measure flour; sift with baking powder and salt. Combine sifted ingredients with bran, and nuts (the latter may be omitted). Beat egg slightly; add honey, milk, and shortening; combine with flour-bran mixture; mix just enough to moisten all flour. Pour into well-greased muffin pans, filling two-thirds full. Bake in moderately hot oven (425° F.) 25 to 30 minutes, or until done. Makes 16 large muffins.

And here's another way to turn a cereal product into something so tasty the whole family will call for more:

FRESH LEMON OATMEAL COOKIES
1 cup enriched flour 1/2 cup brown sugar
1 tsp. baking powder 1/2 cup packed
1/4 tsp. salt 1 egg
1/4 tsp. soda 6 tps. milk
1 1/4 cups regular 2 1/2 tps. grated
rolled oats lemon peel
1/2 cup shortening 1/2 tsp. vanilla
extract

Sift and measure flour; sift again with baking powder, salt and soda. Add oats. Cream shortening and sugar together until light and fluffy. Add egg to creamed mixture, beating well. Add flour mixture and milk alternately, mixing well after each addition. Add lemon peel and flavoring. Drop by teaspoonfuls on lightly greased cookie sheet. Decorate each cookie with diamond-shaped wedges of lemon peel arranged in a three-leafed design. Bake in moderate oven (375° F.) 15 minutes or until lightly browned. Remove cookies immediately to rack; cool; store. Makes about 3 1/2 dozen.

Of course there are other ways to use cereals excitingly—more ways than you can shake a stick at! Just for example, here are some "cereal ideas":

To achieve an unusual texture in breadings meats such as veal chops, and in casserole toppings, use crumbled prepared cereals.

To make a "cereal dessert ring", melt 1/2 cup butter or margarine in heavy frying pan, add 1 1/2 cups brown sugar and cook until bubbles form. Pour over 6 cups heated cornflakes or puffed cereals, mixing well. While hot, pack into 9-inch ring mold. Serve with ice cream or your favorite frozen dessert. Serves 8.

To stretch meat or fish loaves or patties, use crumbled prepared cereals such as corn flakes, puffed cereals, etc. or rolled oats (1 1/2 cups cereal for each 2 lbs. of meat or fish).

IS IT A GAME MOM?

MOM, I JUST HEARD THE MAN SAY "NO POINT-LOW POINT." WHAT'S THAT, A GAME?

WELL, IT IS KIND OF A GAME, DONALD. LIKE THE "CLEAN YOUR PLATE" GAME WE PLAY!

WHY IS IT LIKE "CLEAN-YOUR-PLATE," MOM?

YOU KNOW WE CLEAN OUR PLATES THESE DAYS BECAUSE UNCLE SAM ASKS US TO USE ALL THE PRECIOUS FOOD WE HAVE—NEVER TO WASTE ANY, BUT...

...UNCLE SAM ALSO ASKS US TO BUY THE FOODS THAT THERE'S PLENTY OF—FOODS THAT DON'T TAKE ANY RATION POINTS OR VERY FEW OF THEM. SO THE "NO POINT-LOW POINT" GAME MEANS...

...USING PLENTIFUL FOODS INSTEAD OF SCARCE ONES. THAT GOOD DINNER WE HAD LAST EVENING REQUIRED ONLY EIGHT RATION POINTS ALTOGETHER!

GEE, MOM, I'LL BET UNCLE SAM WOULD LIKE TO HAVE EVERYBODY PLAY THAT GAME!

A reminder: SAVE WASTE FATS!

And How About You? Uncle Sam Will Say "Thanks!"

The government urges us all to make use of foods which are in greatest supply. Go to your Safeway store today and take advantage of the many "No Point—Low Point" foods.

NILES MENS CLUB ENJOYS SHOWING OF SOUND FILMS

(Held over from last week)
Thirty-six members and guests of the Men's Fellowship club of the Niles Congregational Church sat down last Thursday night, February 17 to enjoy a fine pork and applesauce dinner prepared by Mrs. Betty Waynflete and Mrs. Nell Myers of the Martha Sanford Circle, with Fred Duffie, presiding.

A trio of musicians from the Westvaco Chlorine Products company, presented by Jack Myers entertained with several stringed instrument numbers. The secretary-treasurer, Walter Waynflete read the minutes and presented the treasurer's report. A check for \$13.12 was presented to Mr. George C. Roeding Jr., president of the California Nursery Company to pay for four roses recently planted outside the Manse. Mr. Roeding generously returned the check and donated the roses, which was greatly appreciated by the club.

Community singing was led by Ted Glassbrook with Dwight Thornburg accompanying at the piano. Program chairman Dan Marble then introduced Jack Prouty of Pleasanton who threw several sound films on the screen with the aid of his portable projection machine.

The five reel sound film titled **TARGET FOR TONIGHT**, showing the RAF in action over Germany, secured from the British Information Service in San Francisco could not be shown as Mr. Prouty had no five-reel pool upon which to wind the big film. So it was returned to San Francisco unused.

The next meeting was set for Thursday, March 16, and the president named E. D. Bristow program

chairman, assisted by A. B. Leask. A vote of thanks was given the Sanford Circle ladies for their fine dinner.

FOUR MOTORISTS ARE PENALIZED

Four motorists were given 30 day suspensions in gas rations and one speeder was penalized five coupons at last week's session of the Washington Township Rationing Board.

Antone J. Brazil of Warm Springs was the speeder, said to have been driving 55 miles per hour. Thirty day suspensions were given Jesus Gutierrez, Centerville, A. C and T books lost; Mrs. Louis Marchy, Newark, A book; T. E. McGowan, Irvington, A book; Isabel Perry, Irvington, A book.

Esteban Rangel of Niles and Alize Ramirez of Decoto will have their ration books re-issued, the former having lost A and C books along with his wallet and the latter, her A book when her car was broken into while parked near a theatre. Leniency in Rangel's case was accorded to the fact that he carries several passengers to an Oakland war industry.

Mrs. E. A. Ellsworth left Niles Wednesday by train for a trip to Los Angeles.

Like a friend from Home... your
RED CROSS
is at his side!

YOUR American Red Cross hut may be a grass shack "down under" — a dugout in desert sand or a tin roof sod house in the Arctic. But inside it's Home — comforting and warm—right at his side on 53 foreign fields of this war.

Your dollars working through the Red Cross War Fund become a voice from home to cheer him when homesick, to ease his worries, to give him comfort at any time any place, even if he were taken prisoner. If he were wounded to give him blood and surgical dressings to bind his wounds.

The Red Cross War Fund quota in '44 is unprecedented in size to meet unprecedented needs. Be generous in your giving in this year of war.
